

Certificate of "Made in U.S.A." Compliance

This is to certify that Gordon Brush Mfg. Co., Inc., in my opinion, is:

(1) is sufficiently aware of the federal law governing unqualified "Made in U.S.A" claims, and

(2) is a U.S.A. manufacturer of products wholly assembled in the U.S.A. of components wholly of U.S. origin and as such is qualified to label those products "Made in U.S.A." or words to that effect.

This Certification is dated September 25, 2017, and will be valid through September 24, 2018, as regards the goods manufactured in the U.S. using the manufacturing processes and sourcing as represented to me by Gordon Brush Mfg. Co., Inc.
